

How to Get Self-tanner Off Nails

How To Remove Fake Tan From Your Nails

1 Lemon Juice

To remove staining from your nails, simply dampen a face cloth with some fresh lemon juice, place it in the microwave for a few seconds to warm up, and then gently massage it over your stained nails.

2 White Vinegar

Drip some white vinegar onto a cotton swab and dab it onto your nails. Leave it to soak for a few minutes and rinse off to reveal clean nails.

3 Nail Polish Remover

The acetone which makes up nail polish remover will break down the self-tanning solution which has stained your nails. Simply dab it on with a cotton pad and gently massage the stained area.

4 Baking Soda

Mix some baking soda into a small amount of water to create a paste. Scrub it into your nails and wait a few minutes before washing it off.
